Or use the More menu

More › Education › My Awards

You can also tap More at the top, then Education, then My Awards.

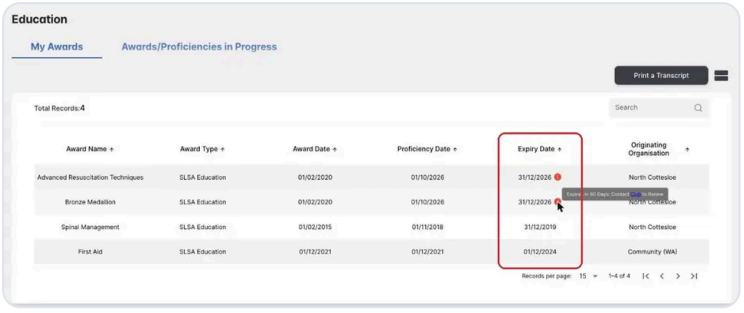

3

Read your awards list

Education › My Awards

Each row is one award. Award Date is when you first got it. Proficiency Date is the last time you were signed off.

Expiry Date is when the award stops being current. Most patrolling awards run out on 31 December each year, so do your SMC before then. First Aid stays current for 3 years.

Look for a red i

My Awards › Expiry Date

A red i next to an expiry date is a warning. Tap it to read it: “Expires in 60 Days: Contact Club to Renew”.

For most awards, renewing means doing your SMC. See the SMC page.

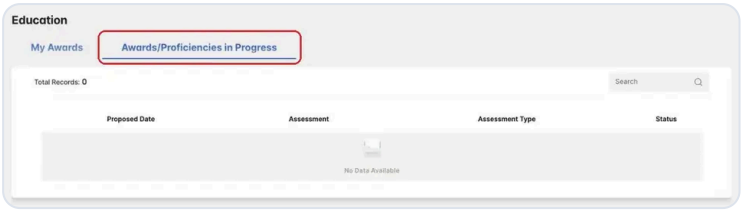

5

See awards in progress

Education › Awards/Proficiencies in Progress

Tap the Awards/Proficiencies in Progress tab. It lists assessments that are still under way, with the proposed date, the assessment and its status.

It says No Data Available if you have none.

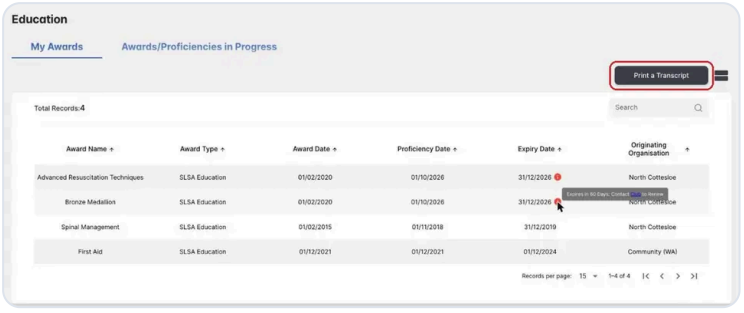

6

Print a transcript

Education › My Awards

Need a copy of all your awards? On My Awards, tap Print a Transcript at the top right.
